

Plasma Clean. Ambion 25

The Ambion 25 utilises plasma ionisation technology to create high levels of charged ions. These ions destroy odours and airborne infection present in ambient air. The Ambion is suitable for a range of environments such as washrooms and hotel rooms.

Simple to install, with low maintenance and running costs, this versatile modular solution provides affordable and reliable odour and infection control, making it the perfect partner for a wide range of applications.

The Ambion 25 Series disinfects the air by neutralising odours and removing pathogenic germs, bacteria and viruses to create fresher, cleaner air.

The Ambion 25 series is suitable for a range of environments such as washrooms, hotel rooms, care homes and public waiting areas.

Ambion 25. Product Specification	
Room Area	Treats up to 25m ²
Power Consumption	10 W
Power Supply	230V/ 1 ph / 50Hz
Size H x D x L	330 x 110 x 160 mm
Weight	2kg
Construction	Grade 304 stainless steel
Mounting	Wall or surface mounted

Features & Benefits

- Low capital and running costs
- Simple installation and maintenance
- Aesthetic design
- Compact, lightweight and robust
- Quiet operation
- Environmentally friendly
