

Plasma Clean. Ambion 100

The Ambion 100 utilises plasma ionisation technology to create high levels of charged ions. These ions destroy odours and airborne infection present in ambient air. The Ambion 100 is suitable for a range of environments such as restaurant kitchens, refuse storage and public waiting areas.

Simple to install, with low maintenance and running costs, this versatile modular solution provides affordable and reliable odour and infection control, making it the perfect partner for a wide range of applications.

Ambion 100. Product Specification	
Room Area	Treats up to 100m ²
Operation	Adjustable timer
Power Consumption	Up to 45W
Power Supply	230V/ 1 ph / 50Hz
Size H x D x L	230 x 100 x 302 mm
Weight	4kg
Construction	Grade 304 stainless steel
Mounting	Wall or surface mounted

The Ambion 100 disinfects the air by neutralising odours and removing pathogenic germs, bacteria and viruses to create fresher, cleaner air.

The Ambion 100 is suitable for a range of environments such as restaurants & takeaways, refuse storage areas, washrooms, hotel rooms, care homes and public waiting areas.

Features & Benefits

- Low capital and running costs
- Simple installation and maintenance
- Aesthetic design
