Appreciation Letter

On Behalf of Prime 68 Steakhouse at the JW Marriott Marquis Dubai, we would like to take this opportunity to thank MGK for the support they have extended us with the 'Dry Ager' meat refrigerator.

We have been using the 'Dry Ager' for the passed year now and have had a lot of success with the quality of product what the unit produces, where both the temprature and humdity are electronically controlled which gives a very consistant quality.

I highly recommend the 'Dry Ager' for any steakhouse looking to do their own in house dry ageing where complete customization can be done on the product and results and phenominal.

Best Regards

Carmin Pecoraro

Executive Chef
