## Letter of Appreciation

Dear Mirco,

I would like to thank you for the complete installation of the TempTrak - Digitrak RF Monitoring System in our premises. The system is running perfectly well in all our chillers and freezers.

The system has been a plus and did help us while going to our HACCP certification process. Today it became part of our internal audit system and makes our life easier as it can be used by different departments.

You and your entire team have been very helpful over the past few months and I would like to thank you for your excellent customer focus.

With no hesitation I would recommend - Digitrak RF Monitoring System to any of my colleagues

Thanks and best regards,

A handwritten signature in blue ink, appearing to be 'S. Castelot'.
